**Erratum to: Mar Biotechnol**  
**DOI 10.1007/s10126-008-9148-z**

In the original version of this article, there has been an error in second sentence of the first paragraph of “NRPS Genes Screening and Phylogenetic Analysis”, in Materials and Methods section. The sentence should read:

PCR was performed using the following amplification parameters: initial denaturation at 94°C for 5 min, then 35 cycles of 94°C for 1 min, annealing at 55°C for 1 min, extension at 72°C for 2 min, and a final extension at 72°C for 10 min.

---

The online version of the original article can be found at <http://dx.doi.org/10.1007/s10126-008-9148-z>.
